

Residential Streetscape Solutions

Brandon Industries provides comprehensive streetscape products tailored for residential communities focusing on enhancing safety, aesthetics, and neighborhood identity.

Street Lighting

Decorative street lighting improves safety and visibility for pedestrians, cyclists, and drivers. It also contributes to the character and cohesion of residential areas. Both modern and traditional styles are available to complement diverse neighborhood designs.

Decorative Street Signs

High-quality street signage plays a key role in a community's curb appeal and identity. Durable materials and elegant design options ensure signs remain functional and attractive for years, reinforcing community pride and way-finding efficiency.

Pet Waste Stations

Encouraging cleanliness and responsible pet ownership, these stations provide bag dispensers and disposal units. Their presence supports a healthier, more pleasant environment in shared residential outdoor spaces.
